Re: ARRA infrastructure investment certification

To Whom It May Concern:

With respect to funds made available to the Town of Greece for infrastructure investments under the American Recovery and Reinvestment Act of 2009, Pub. L. 111-5, the Greece Town Supervisor hereby certifies that the infrastructure investment has received the full review and vetting required by law and that the Town Supervisor accepts responsibility that the infrastructure investment is an appropriate use of taxpayer dollars.

The Town proposes to utilize ARRA funds provided through the Energy Efficiency & Block Grant (EECBG) for the following infrastructure projects:

- Construct 1130 linear feet of sidewalks along the east side of Mt. Read Blvd. south of Maiden Lane, utilizing \$185,600 in ARRA funds. ARRA funds will be utilized for all of the design and construction for the sidewalks.
- Install a 10,000-gallon compartmentalized fuel storage tank and dispensing equipment for bio-diesel and E-85 fuel at the Department of Public Works. The total project cost is estimated at \$255,000. ARRA funds will be utilized exclusively for this project.

This certification is to be posted on the Town's website: <http://greecenyny.gov>.

Sincerely,

John Auberger, Town Supervisor
